

BestCare

is Always There

It is crucial to be comfortable with the person who comes into your home to care for someone you love—especially when you are not able to be there.

Because we had total confidence in the care and attention provided by BestCare, we were able to take a previously planned two-week vacation. On returning, we received a wonderful surprise — our father was walking without walker or cane. We will be forever indebted to the caregivers from BestCare and consider them family. They are a group of outstanding professionals, and kind and caring individuals. They are truly the best.

Caring is more than just our job.

At BestCare Home Care we understand that aging, disability, and injury pose many challenges for you and your loved ones. Maybe you need help due to an injury or an elder family member needs personal home care services that include help with shopping or bathing. The realization that your loved one may require assistance due to declining physical or mental health can be overwhelming. We have worked with family's from all over the country providing them with solutions tailored to fit their specific needs & we can help you too.

BestCare focuses on keeping your family members and loved ones comfortable in their own homes through our home health care services. Our priority is to ensure an individual's ability to maximize their independence while at the same time remain safe, secure & happy in the familiar surroundings of home.

Caring is more than just our job. It's what we do and who we are. If you or a loved one is in need of home health care services, contact our staff of licensed nursing professionals. We can answer any question you may have and help you gain a better understanding of how to help your loved one live comfortably and securely.

Why home care is the better choice.

For many people entering a nursing home environment is a last resort and they are reluctant to embrace this. BestCare provides a better alternative.

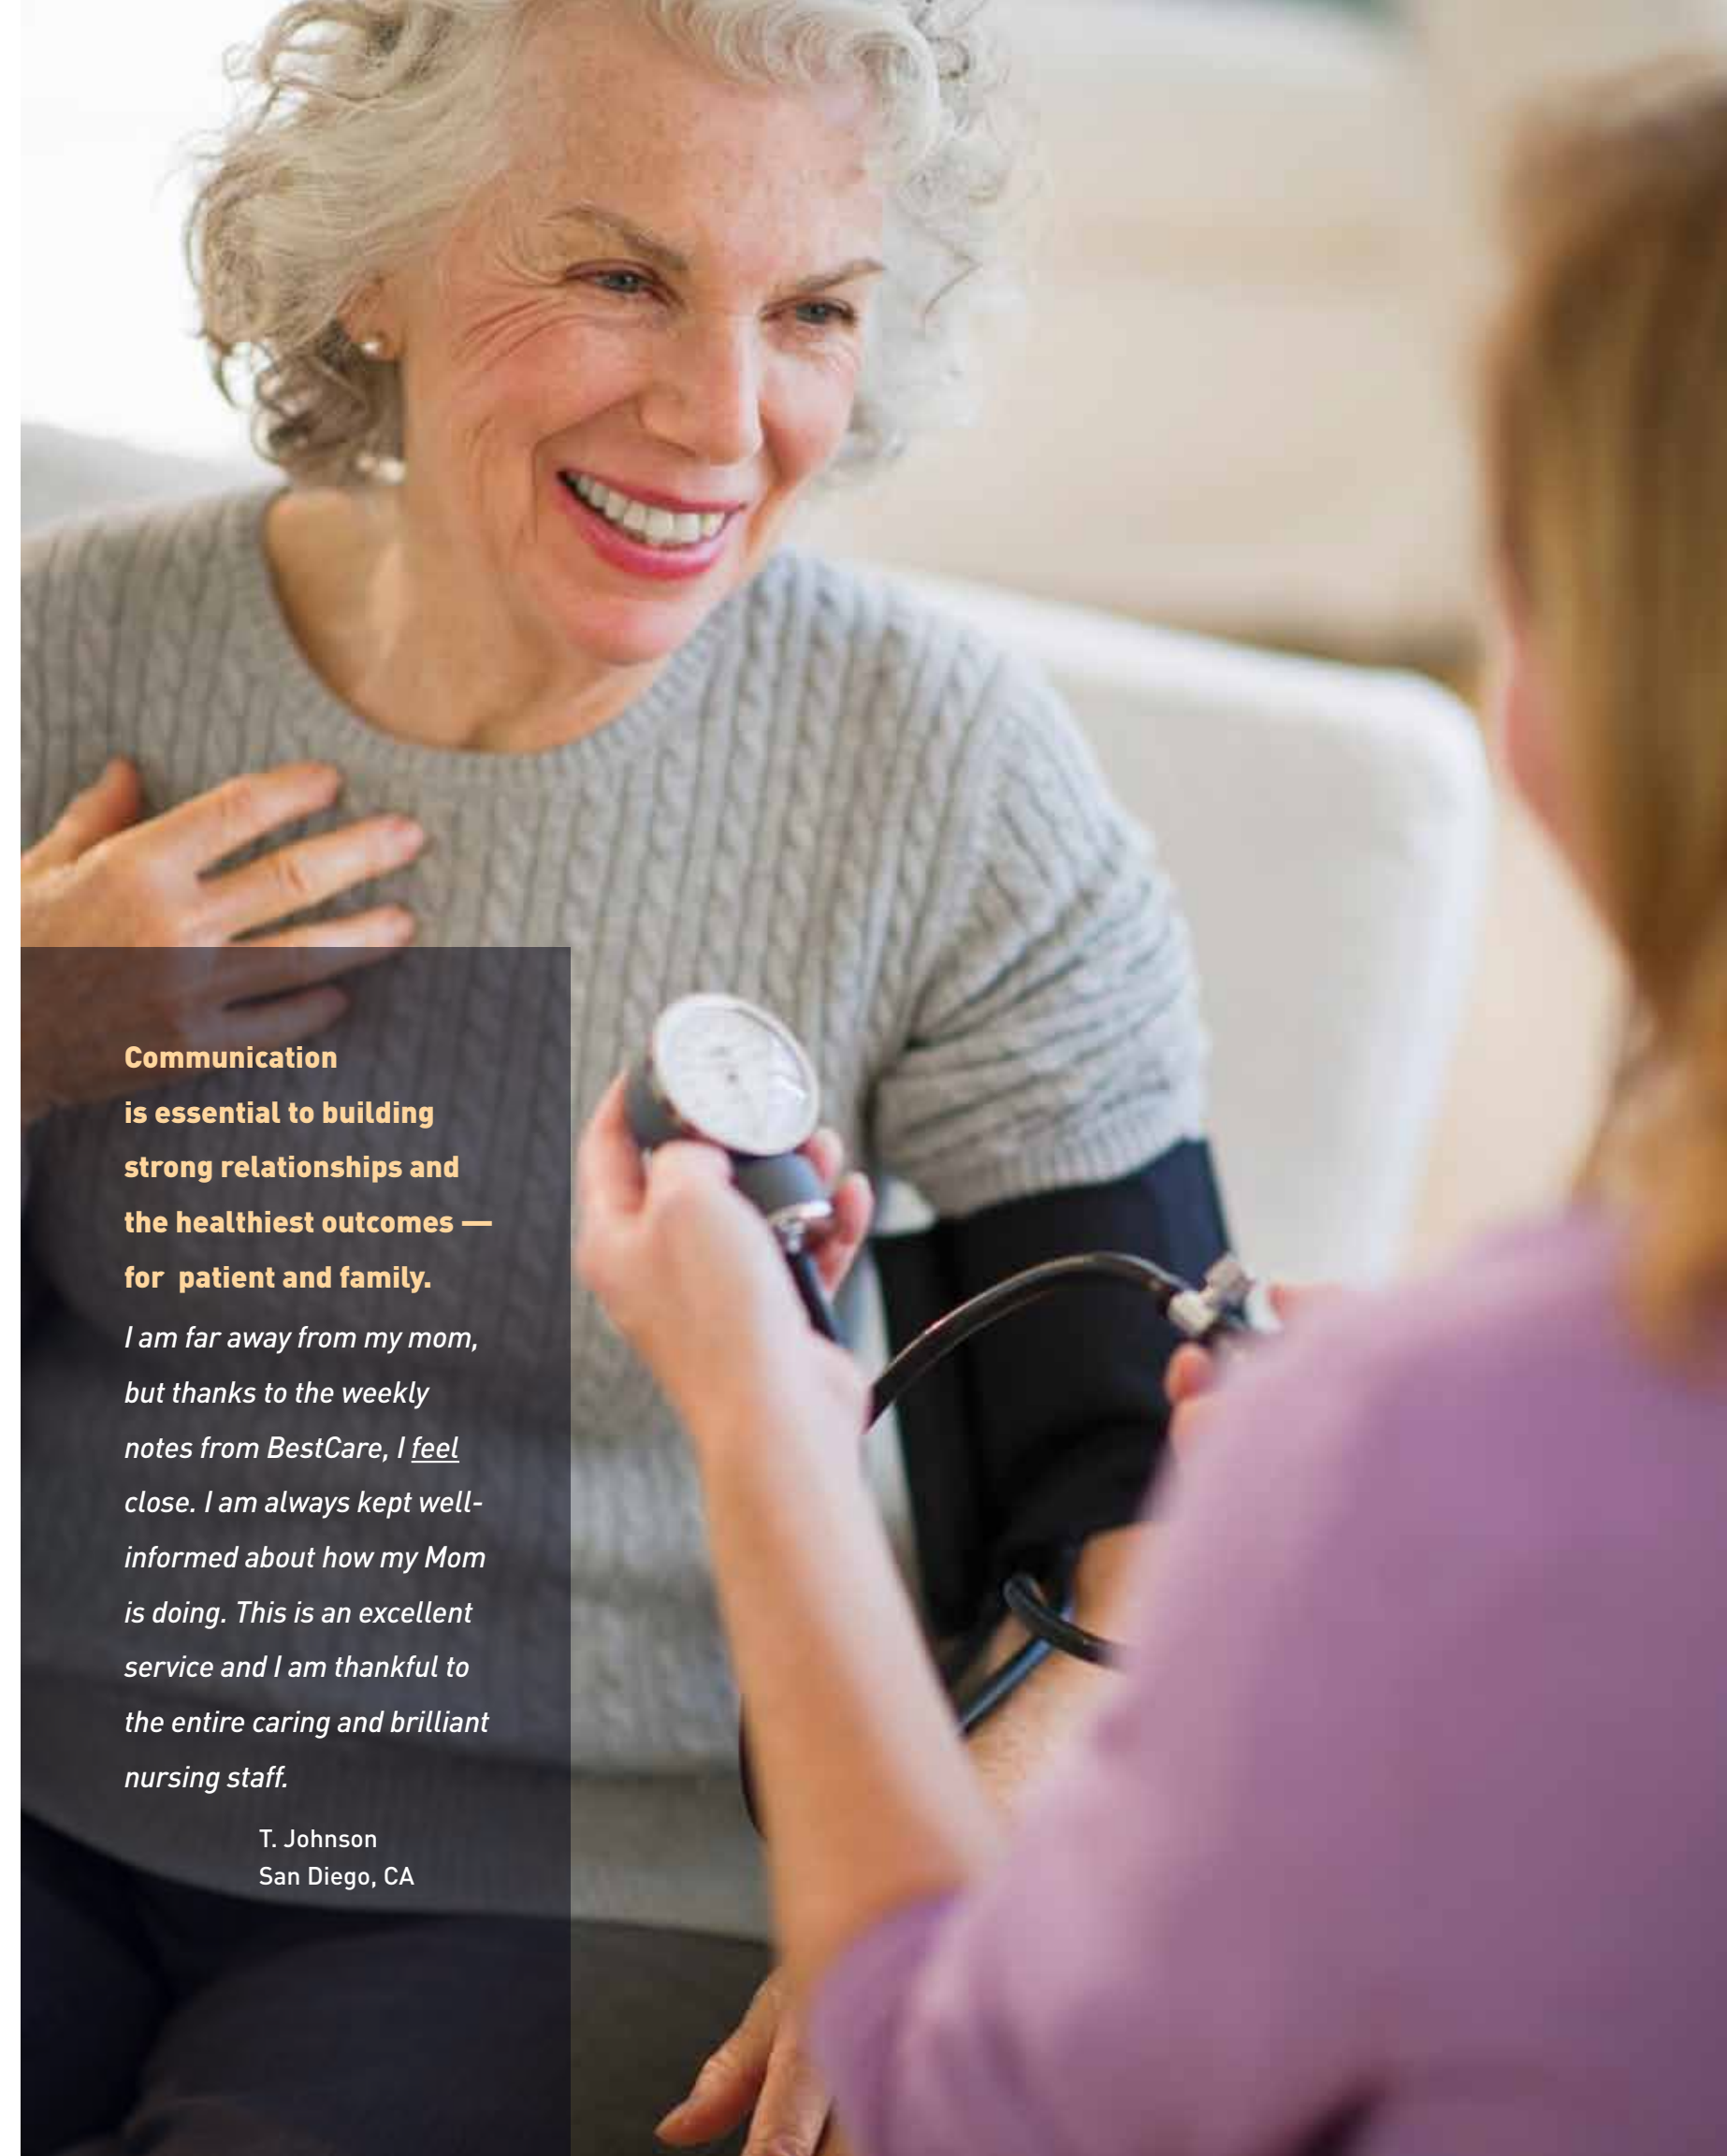

People are happier in their homes. Surveys have shown that people are more comfortable in their home than in a hospital or a nursing home. People receiving home care tend to live longer and have a better quality of life.

Save money with homecare. Homecare is less expensive than a Nursing Home. Homecare is charged at an hourly rate so you can determine the number of hours that you require. Even with a high level of dependency it still works out to be more economical than a nursing home and you receive greater one-to-one care.

Avoid Infections. Nursing homes are more vulnerable to infections than private homes. At BestCare all our staff are fully trained in infection control and hygiene.

Protect your independence. It is important to us that all our clients maintain their independence and continue to live life as normally as possible. Homecare allows you to continue your daily routine and you do not have to change your habits to suit the schedule of a larger organization.

Stay in your neighborhood. Homecare keeps families and friends together. This is particularly important during times of illness where families can rely on each other for support. There is no easier place for people to visit you than at home.

Communication is essential to building strong relationships and the healthiest outcomes — for patient and family.

I am far away from my mom, but thanks to the weekly notes from BestCare, I feel close. I am always kept well-informed about how my Mom is doing. This is an excellent service and I am thankful to the entire caring and brilliant nursing staff.

San Diego, CA

All of our caregivers are carefully placed to assure compatibility.

I love everything about her and I don't know what I would do without her. She is like the daughter that I never had and I will just die if she leaves. There is nothing I would not trust her with.

Alexandria, VA

Why choose BestCare?

Healthcare Experience: Our staff includes Registered Nurses, qualified Health Aides, Medicare and Medicaid specialists — an entire team dedicated to providing top quality home care. It is through this unrivalled quality of expertise that we as an organization have the ability to manage even the most complex situations.

Innovation & Technology: At BestCare we take pride in utilizing the latest home care technology. Our leading edge care management system enhances our ability to provide quality care to you.

Service Quality: All our services will be delivered in accordance with a documented care plan based on each client's assessed needs. We constantly monitor and review each client's requirements and adjust their care plan accordingly to ensure appropriate and quality care is always delivered.

Privately Owned Company: We are very proud of the fact that we are privately owned and are not a franchise operation. This allows the management of BestCare to maintain an intimate and personal rapport with each individual client in a way a franchise office may not be able to provide.

Recruitment Process: We believe that by recruiting the best staff and by consistently monitoring the care they deliver we will furnish the highest quality support possible to your loved ones. Our caregivers are subject to a rigorous recruitment process to ensure that we recruit the most suitable staff.

**There is a reason that “care”
is part of our name.**

On Christmas day when my mother’s caregiver had an emergency, the owner of BestCare was there to spend the night with my mom at the nursing home. We used to use other agencies but since we were introduced to BestCare, we have not used any other company because they are just what caring is all about. Thank you for the great service BestCare.

E. Hunter, Fair Oaks

Theodora is always responsive to our fathers’ needs, whether it’s the regular bed bath, change of clothes or bed linens; or whether it’s making sure to put lotion on before she leaves. She makes sure to always do what is necessary. She always has a smile on her face, and her reliability is never in doubt. She is wonderful!

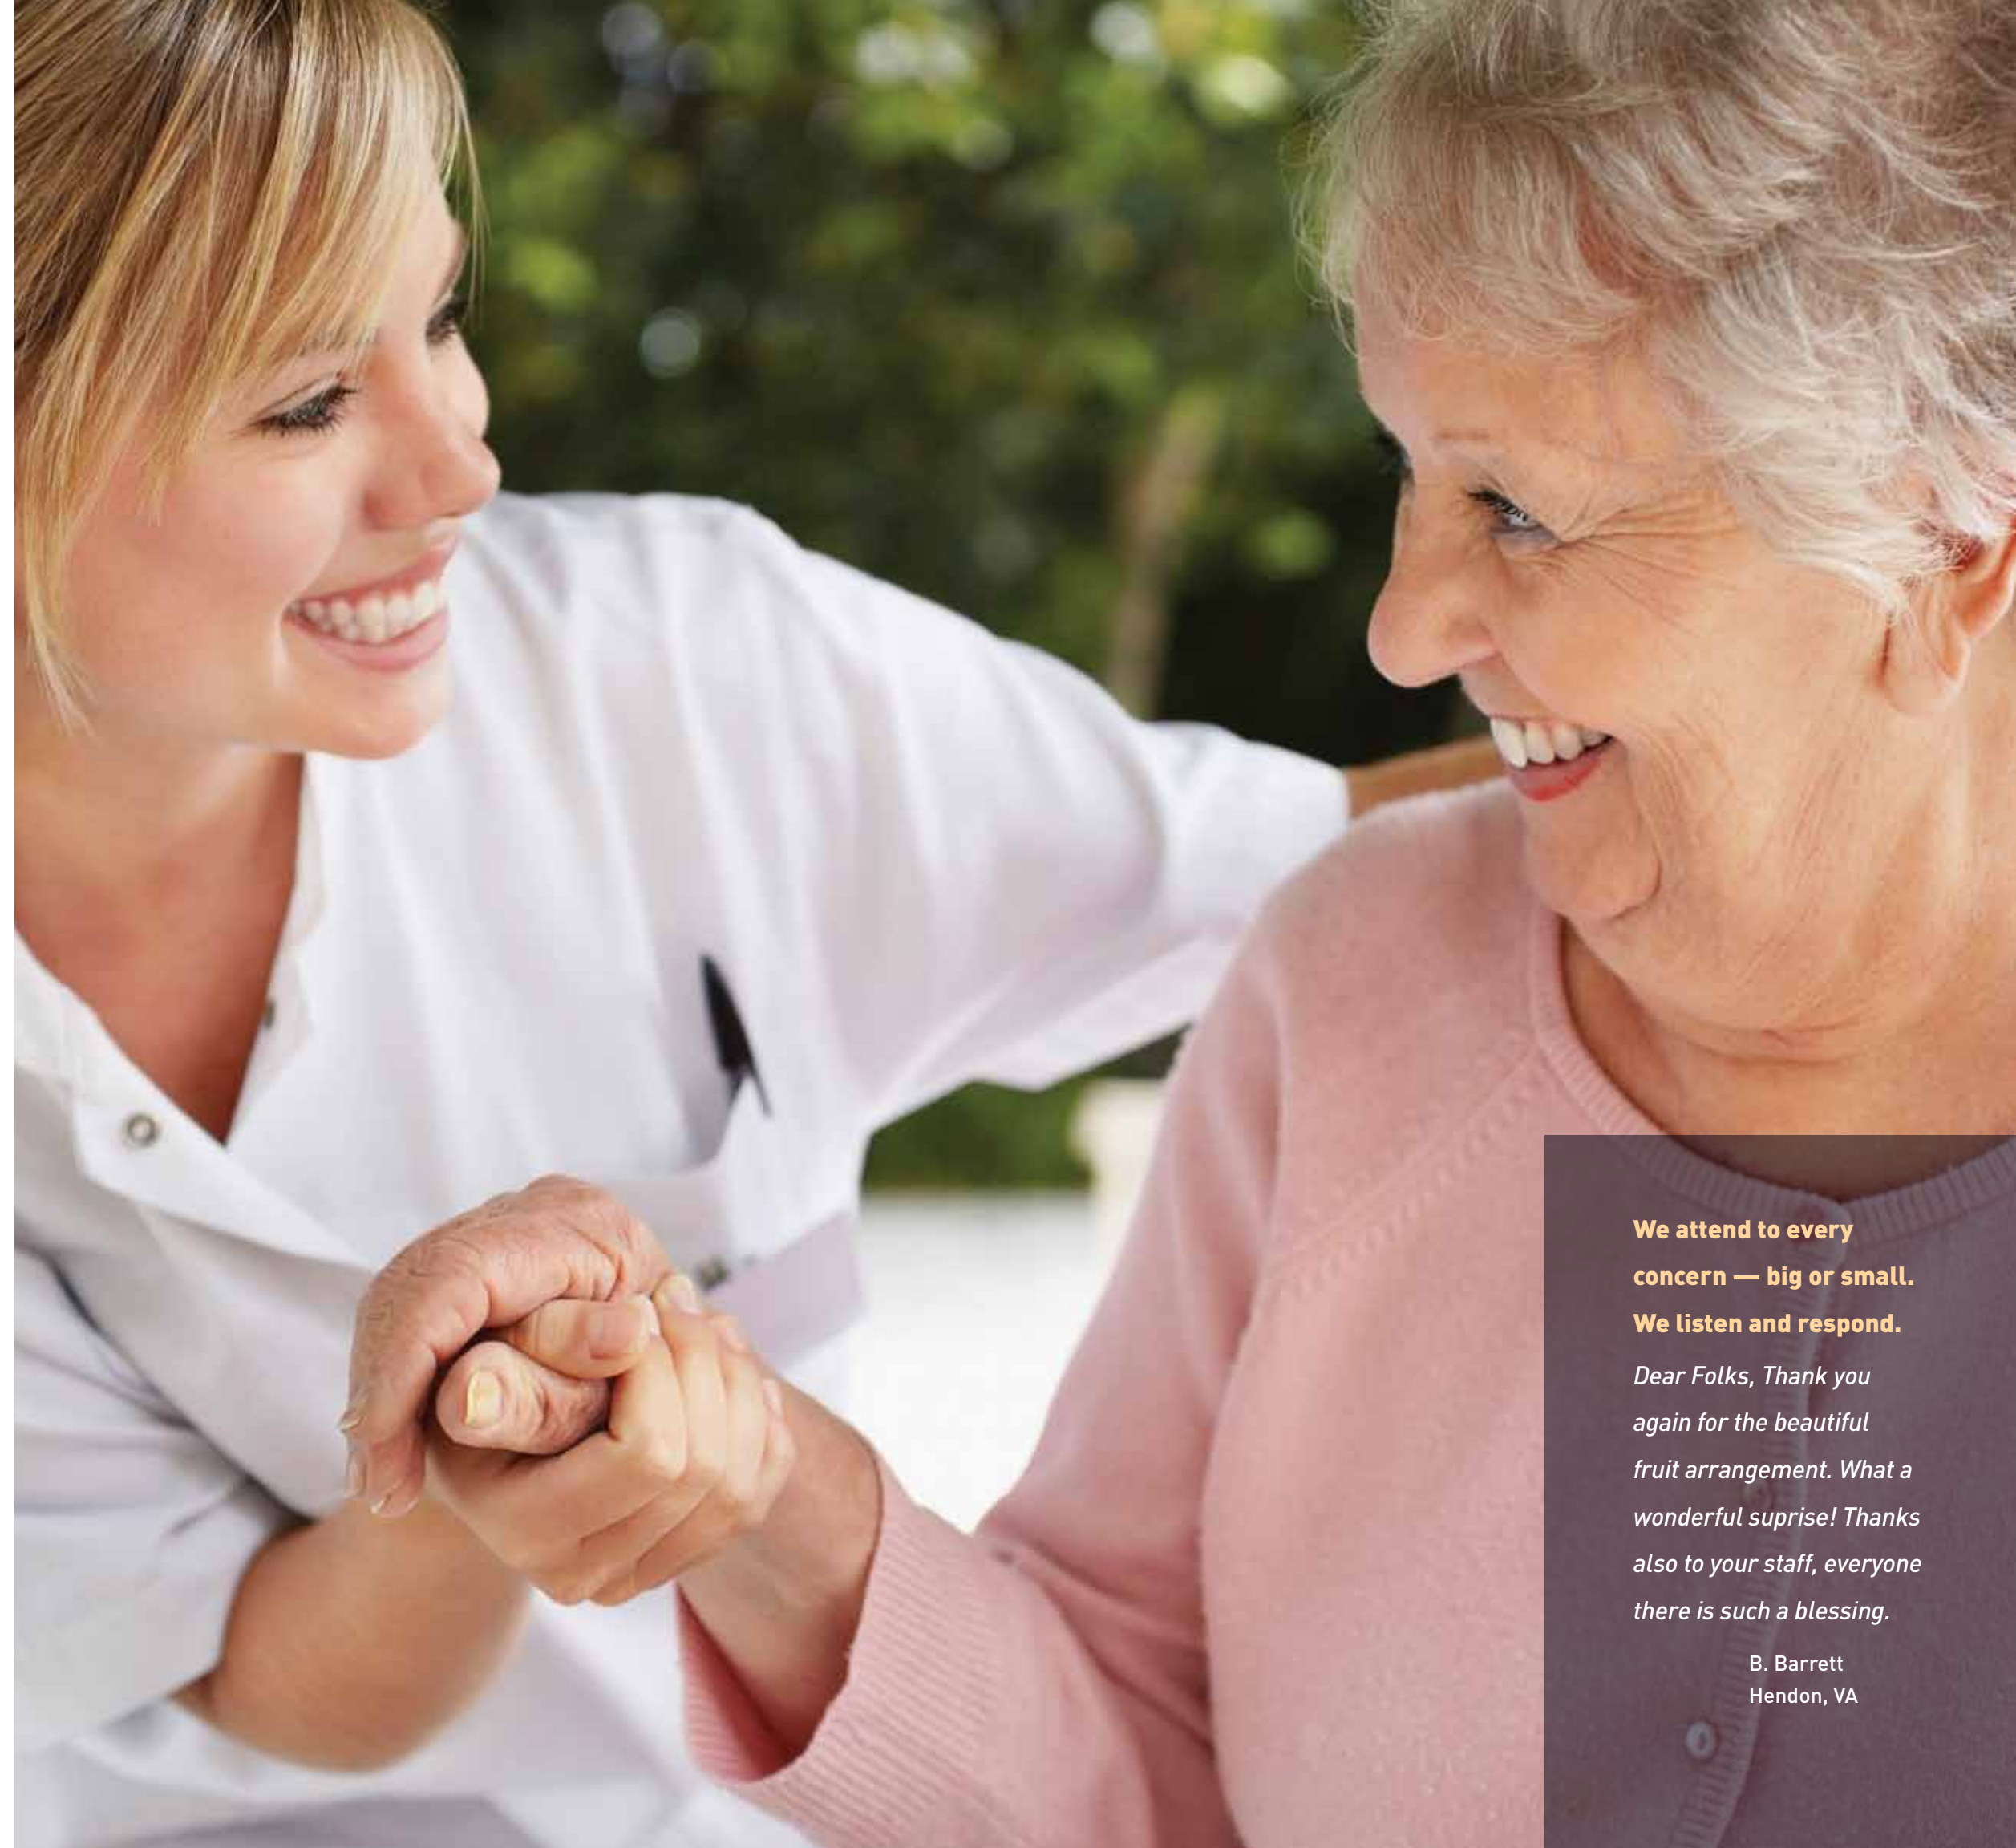

Linda D., Arlington

Gerty has been a caregiver for my 86-year-old husband Robert, for over 6 months. She is very dependable, always on time and she is a very good caregiver. She is friendly, polite, neat and clean and very well mannered. Robert is comfortable with Gerty and looks forward to her visits and the care that she provides for him. We are truly happy to have her. “Rain or shine, she is always on time.

Mrs. Gilbert, Woodbridge

I would like for everyone to know how much we enjoyed the services of BestCare. The care we received was priceless. All the staff puts their hearts in what they do which makes it so valuable to others. Thanks for contributing to the life of my parents old age, a wonderful team of caregivers.

The Hendricks Family, McLean

**We attend to every
concern — big or small.
We listen and respond.**

*Dear Folks, Thank you
again for the beautiful
fruit arrangement. What a
wonderful surprise! Thanks
also to your staff, everyone
there is such a blessing.*
